But this just had to be my new LJ theme. Sorry about the white on black thing.

(You can always click on "comment" and read it that way.)

(Platypus, there are enough spooky themes out there even for a li'l Halloween Creetchur like you.)

Current Mood:  brilliant

Hey, is there any reason Halloween can't be all year?

Because if Halloween were all year, when would all the post-Halloween candy and goodies go on sale?

...

...

I might even let you borrow it sometimes. That is, if I were to happen to have one.

Oh, she's not so bad. That space alien in the cape has turned her head, is all.

When I decided to be born in February, I must not have realized I'd own a motorcycle. Winter storms play hell with...

Too soon?

Is this conversation grounds for workplace harassment? Not my half of it, of course.

After Valentine's day! And Easter!

Love the theme! It's gorgeous!

I've had far too much wine to be typing. And yet, I still manage. I scare me.

Yes, see? You have had enough wine to mistake your capacity, which is greater than you thought, because you're not mistaken.

Or something.

It was the eyeballs that decided me. All the lovely colors.

You're missing a bell in your header. I mean, you've got a book and a candle, and several other classing trappings. How's someone going to ring your chimes if you haven't got a bell?

And the hand of glory totally needs candles on the fingertips. I found a candle at the grocery store once, sickly grey-green hand with wicks at the tip of each finger. Below the grey-green was red wax, so that it dripped bloody when burned, leaving behind charred skeletal plastic. I was quite amused to come back from the store with a loaf of bread, a gallon of milk, and a hand of glory. \*hee\*

Aww. See, every neighborhood should have a resource like that.

And the hand may not have candles, but I think the shark in the candle bottle totally makes up for it.

When was it decided that ALL holidays are to be celebrated with chocolate?

And why do people doubt that humanity is evolving toward perfect enlightenment?

Look at the arc, people: Fasting ==> Chocolate. Obviously, our brains are larger and bumpier than the brains of humans in the Middle Ages.
